SUMMARY

Full Stack Developer with practical experience in building scalable web applications using the MERN stack and Python. Skilled in developing end-to-end solutions, integrating REST APIs, and optimizing backend performance. Possesses exposure to AI concepts and is interested in building modern, intelligent, and user-focused applications.

SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), HTML5, CSS3
- **Backend:** Node.js, Express.js, Python
- **Database:** MongoDB, MySQL
- **Tools & Others:** Git, GitHub, Postman, VS Code, Figma, Bootstrap, Tailwind CSS

EXPERIENCE

Software Developer Intern | SiliconMount Tech Services Pvt. Ltd

Jan 2025 – June 2025

- Developed and maintained scalable web applications, contributing to both frontend and backend functionality.
- Collaborated with team members to design features, integrated REST APIs, and optimized performance for smooth application flow.

PROJECTS

Password Manager | React.js, Node.js, Express.js, MongoDB

- Developed a secure full-stack web application to store, retrieve, and manage user credentials
- Implemented RESTful APIs and CRUD operations using Express.js and MongoDB Atlas
- Designed responsive and user-friendly UI using React.js and Tailwind CSS
- Focused on clean code structure and efficient data handling for better performance

Algorithm Visualization Tool | React.js, CSS3

- Built an interactive visualization tool to demonstrate sorting and searching algorithms
- Implemented step-by-step animated visualizations for Bubble Sort, Selection Sort, and Insertion Sort
- Added dynamic user controls to modify input size and select algorithms in real time
- Improved conceptual understanding through visual representation of algorithm execution

Self-Driving Car Prototype | Python, OpenCV

- Developed a prototype for lane detection and obstacle avoidance using computer vision techniques
- Implemented real-time object detection and basic decision-making logic using OpenCV
- Integrated camera and sensor data to simulate autonomous navigation behavior

EDUCATION

Bachelor of Technology in Computer Engineering

Dr. Babasaheb Ambedkar Technological University, Maharashtra

Sep 2022 – June 2025

Diploma in Computer Engineering

Dr. Babasaheb Ambedkar Technological University, Maharashtra

Sep 2019 – June 2022

ACHIVEMENTS AND CERTIFICATIONS

- Software Developer Internship - SiliconMount Tech
- Microsoft & SAP Foundation Course (Edunet)
- JavaScript Web Projects - Udemy
- Certified Internship in Full stack Web Development - (BWS)
- Smart India Hackathon Finalist
